Camping Information

The AEC offers overnight camping only for campers associated with an event in progress. Camping is self-registration and on a first-come, first-served basis, except when otherwise noted. Camping includes access to 24-hour restrooms and showers in New Holland Pavilion #1. North lot camping provides up to thirty-five 30 amp connections with water hook-up access, while Willow Island camping features twenty-five 20/30/50 amp hook-ups and fifty-nine 20/30 amp hook-ups with water hook-up access.

If self-registering, please use the envelope provided at the Camper Self-Registration Kiosk at the northeast corner of the North Lot (near Entrance #1 to Willow Island). It serves as both an envelope for the camping fee and a permit for your vehicle. No camping is allowed in any area except as designated and with prior approval. Parking is not included with the camping fee. For current parking and camping rates information, please visit: <https://www.alliantenergycenter.com/facilities/willow-island>. Quiet hours must be observed between 10:00pm and 7:00am. Vehicles parked without a valid permit violate County ordinances and will be cited or towed.

Campsite water is available from April 1 to October 15. Water may be unavailable during periods of extreme weather, as determined by the AEC.

The Alliant Energy Center has two camping areas on campus; Willow Island and the North Lot. There are approximately 120 sites available and most have both electrical and water connections. See maps above.

Overnight accommodations are only for those directly associated with an event in progress at AEC. All occupied spaces must have an AEC Camping Permit displayed. Permits are available for a fee at the self-registration kiosk west of the Coliseum. Camping is on a first-come, first-served basis except when otherwise regulated by show management or by permit.
