

ISTHMUS FOOD & WINE FESTIVAL

For Immediate Release

Eat, Drink, and Be Madison!

Join us for the 2013 Isthmus Food & Wine Festival

Friday and Saturday, Oct. 18th and 19th - Alliant Energy Center Exhibition Hall Madison, WI

The Isthmus Food & Wine Festival connects guests with an amazing range of food and drink through exhibits, demonstrations, shopping and sampling, all with the quirky, enjoyable touch that makes Isthmus unique.

Tickets are currently available at www.isthmusfoodandwine.com as well as at the Isthmus Office and at Steve's and Star Liquor. Follow updates on our website and watch for more details as they develop in Isthmus weekly, at TheDailyPage.com and on Facebook.

The Festival features the finest regional food and drink, much made right here in Wisconsin, as well as wines from across the country and around the world. The event is set up as a two-day marketplace for products both new and familiar, as well as a delicious learning experience- with plenty of sampling to satisfy any and all palates.

This year Isthmus will be showcasing a number of exciting attractions and demonstrations. We are proud to announce Metcalfe's Cut! A Holiday Sides Recipe Competition for Home Cooks! Finalists will be chosen to prepare their favorite holiday dishes on-stage at the event. Each will be supplied with a basket of ingredients courtesy of Metcalfe's. The audience will sample the final dishes at the event and vote for their favorites along with a panel of local foodies. Prizes include Metcalfe's gift cards and tickets to the Saturday session of the Festival.

Isthmus has been at the forefront of the modern food movement for more than three decades; the highest quality food and drink is in our DNA. This event builds on that trademark Isthmus journalism: Real restaurant reviews and reliable food news, columnists and recipes showcasing seasonal ingredients, local food and dining culture, and the rise of celebrated local chefs and bartenders.
